AMU Braga signs protocol with BACF (Food Bank)

2014-02-19

Following the tripartite protocol established with the Town Council of S. Vicente and with Associação Vicentina, AMU has signed this collaboration protocol with Banco Alimentar Contra a Fome (BACF) – Braga.

The conditions have been created to carry out the work for the support of 20 more families from the S. Vicente parish, in collaboration with those institutions.

Amu Braga thus reinforces the conditions of its Social Support Service (Serviço de Apoio Social - SAS) which already supports around 40 families from other towns, on a regular basis.

The full version of this protocol is available in attachment.
