

“AMU Cazombo” (2007) / Completed Campaign

2014-02-21

After the strong rains, followed by floods which hit Angola in January and February 2007, more than 17.000 people were affected by these events on Zambeze river. AMU then received help from the parish of Luena/Province of Moxico, with the distribution of clothes to the people affected in the council of Cazombo, situated around 200 kms from the frontier with Zâmbia. AMU promoted a campaign to collect clothes and 25 volumes of varied clothing for man, woman and child were sent to Angola.
