Campaign “AMU Emergency Lebanon” (2006-2007) / Completed Campaign

2014-02-21

After the war in Lebanon, in the summer of 2006, AMU carried out a fundraising campaign for humanitarian aid, which then became an initiative to support reconstruction projects within education and agriculture in the villages of Delb and Kaouzah (in collaboration with the Italian NGO Azione per un Mondo Unito– ONLUS, in collaboration with the local partners in Lebanon which put into practice the reconstruction projects).
