Campaign Siria / Ongoing Campaign

2014-04-30

When talking about the people of Siria, we immediately feel surrounded by an unimaginable difficult war climate.

Most of us, can only contact with such reality through stories of parents or grandparents, however this war is quite close and it is very REAL. The daily survival problems are innumerable.

As time goes by, the hope that things can go back the way they were, diminishes drastically.

In many of cities throughout the country, public schools serve as accommodation for those left without no place to go. We want children to continue to go to school and have a regular daily routine as much as possible and the economy to grow. In Siria there are hundreds of armed groups that continue to receive guns.

We want to contribute to the PEACE!
